FGX is Ready for the 2016 Friends of Coal Golf Open

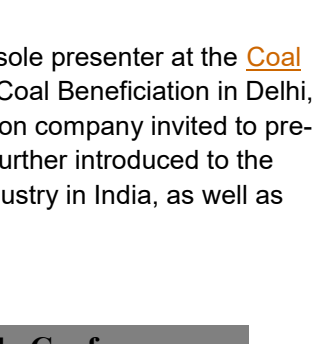

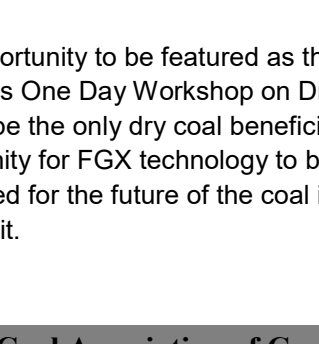

FGX is excited to attend the 2016 Friends of Coal Golf Open for the Illinois Coal Basin this Friday, June 3 at the Owensboro Country Club Golf Course. This is a great event for people in the industry to get together and enjoy a day of golf.

FGX will be sponsoring a hole again this year. We will also be raffling off a gift card to the Pro Shop. Raffle entry is free so be sure to stop by our tent to enter for your chance to win!

Ron Bowling with last year's winner of the raffle.

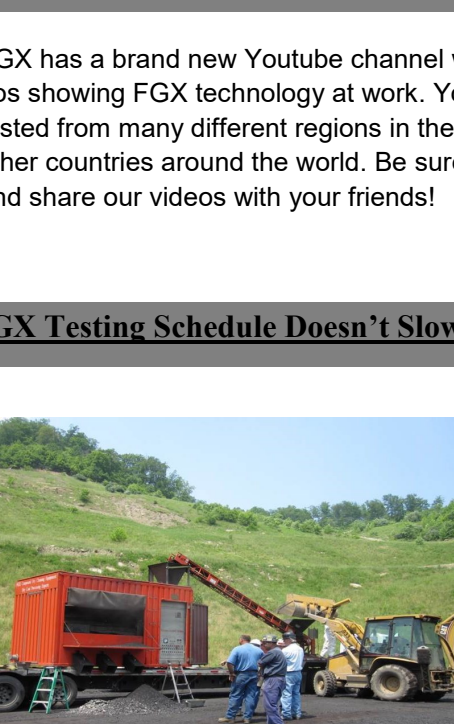

FGX Visits TX and India in May

We had a great time at the [Rocky Mountain Coal Mining Institute](#) and [Texas Mining and Reclamation Association](#) Joint Conference at Horseshoe Bay Resort in Texas. It was a great conference in a beautiful location and we are eager to join these wonderful associations again.

FGX was also given the opportunity to be featured as the sole presenter at the [Coal Preparation Society of India](#)'s One Day Workshop on Dry Coal Beneficiation in Delhi, India. FGX was honored to be the only dry coal beneficiation company invited to present. It was a great opportunity for FGX technology to be further introduced to the Indian market. We are excited for the future of the coal industry in India, as well as the opportunities for FGX in it.

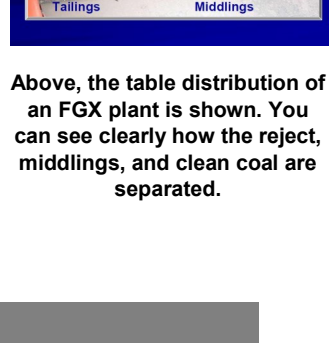

Dr. Parekh to Speak at Coal Association of Canada Conference

FGX's Senior Engineer, Dr. B.K. Parekh, will be speaking at the Coal Association of Canada's Annual Conference. The conference is held in Vancouver June 8th-10th. To the left is a photo of Dr. Parekh speaking at the conference last year. We are excited for the opportunity to have Dr. Parekh present at the conference again this year. For more information about the conference please visit their [website](#).

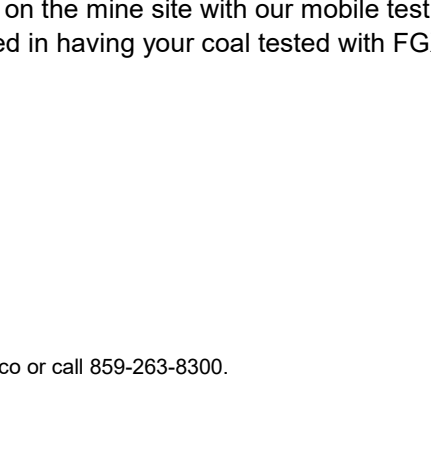

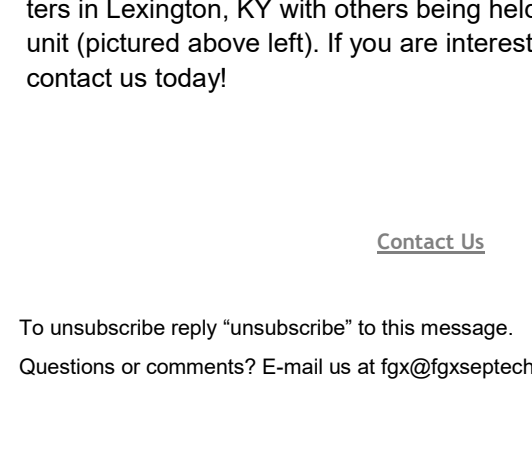

FGX on Youtube - Check It Out!

FGX has a brand new Youtube channel with tons of videos showing FGX technology at work. You can see coal tested from many different regions in the US, as well as other countries around the world. Be sure to [check it out](#) and share our videos with your friends!

Above, the table distribution of an FGX plant is shown. You can see clearly how the reject, middlings, and clean coal are separated.

FGX Testing Schedule Doesn't Slow Down

FGX SepTech has continued testing a wide variety of coal from different regions in the United States and different countries. Some tests are conducted at our headquarters in Lexington, KY with others being held on the mine site with our mobile testing unit (pictured above left). If you are interested in having your coal tested with FGX contact us today!

Dr. Parekh to Speak at Coal Association of Canada Conference

FGX's Senior Engineer, Dr. B.K. Parekh, will be speaking at the Coal Association of Canada's Annual Conference. The conference is held in Vancouver June 8th-10th. To the left is a photo of Dr. Parekh speaking at the conference last year. We are excited for the opportunity to have Dr. Parekh present at the conference again this year. For more information about the conference please visit their [website](#).

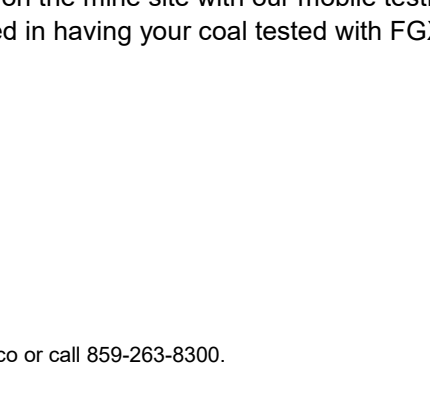

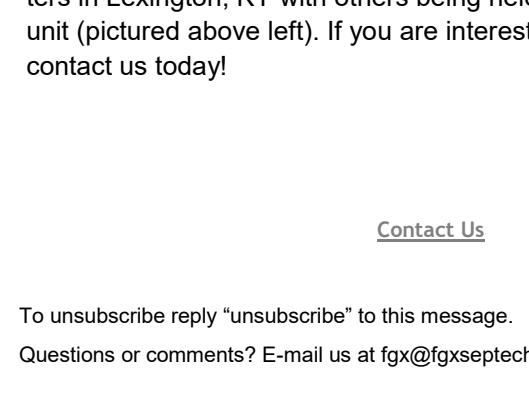

FGX on Youtube - Check It Out!

FGX has a brand new Youtube channel with tons of videos showing FGX technology at work. You can see coal tested from many different regions in the US, as well as other countries around the world. Be sure to [check it out](#) and share our videos with your friends!

Above, the table distribution of an FGX plant is shown. You can see clearly how the reject, middlings, and clean coal are separated.

FGX Testing Schedule Doesn't Slow Down

FGX SepTech has continued testing a wide variety of coal from different regions in the United States and different countries. Some tests are conducted at our headquarters in Lexington, KY with others being held on the mine site with our mobile testing unit (pictured above left). If you are interested in having your coal tested with FGX contact us today!

FGX is Ready for the 2016 Friends of Coal Golf Open

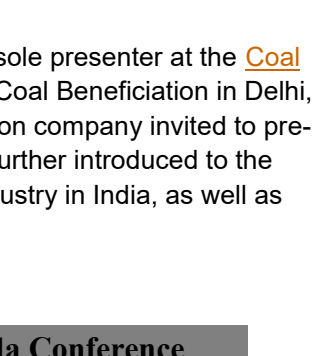

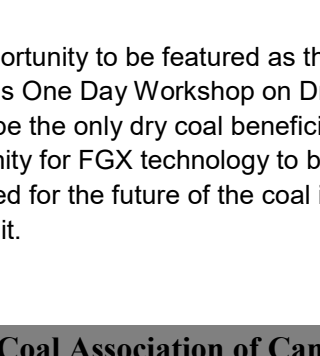

FGX is excited to attend the 2016 Friends of Coal Golf Open for the Illinois Coal Basin this Friday, June 3 at the Owensboro Country Club Golf Course. This is a great event for people in the industry to get together and enjoy a day of golf.

FGX will be sponsoring a hole again this year. We will also be raffling off a gift card to the Pro Shop. Raffle entry is free so be sure to stop by our tent to enter for your chance to win!

Ron Bowling with last year's winner of the raffle.

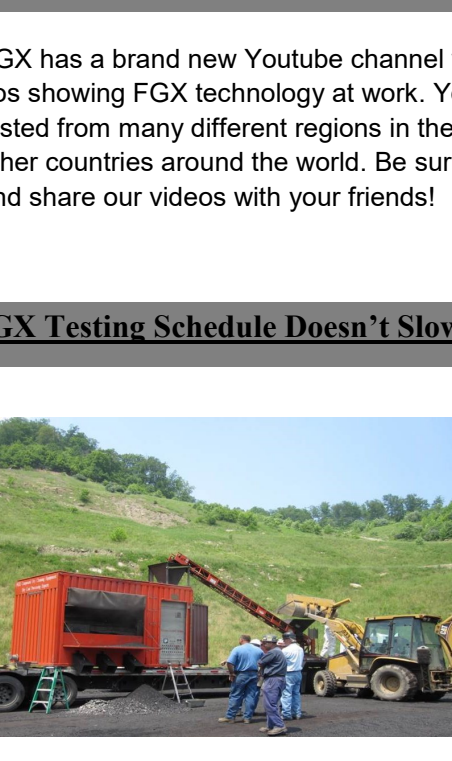

FGX Visits TX and India in May

We had a great time at the [Rocky Mountain Coal Mining Institute](#) and [Texas Mining and Reclamation Association](#) Joint Conference at Horseshoe Bay Resort in Texas. It was a great conference in a beautiful location and we are eager to join these wonderful associations again.

FGX was also given the opportunity to be featured as the sole presenter at the [Coal Preparation Society of India](#)'s One Day Workshop on Dry Coal Beneficiation in Delhi, India. FGX was honored to be the only dry coal beneficiation company invited to present. It was a great opportunity for FGX technology to be further introduced to the Indian market. We are excited for the future of the coal industry in India, as well as the opportunities for FGX in it.
